At the end of this work-in-progress, the propositions will circulate in Christiansia's meetings until they can be implemented. Ved afslutningen af "wor-in-progress" ugen, vil forslagene cirkulere på Christiansia til der opstår muligheder for at realisere dem

• • • *Have a dream* is an *Idea Catalysis* proposed by the **IDEA ENGINEERING LABORATORY ®** of french artist Raphaële Bidault-Waddington to support Christiansia, stimulate its artistic and utopian potential and favor exchanges between in and outside Christiansia.

Prior to this project, she did an aesthetic audit of Christiansia as a form of organisation called "Christiansia in Perspective", and submitted a proposition called "Projection of Christiansia", rewarded in the idea competition about the future of Christiansia in February 2004.
